YES! I want to make up to \$10,000 (or more) per month...without any risk and no hassle whatsoever!

I understand I don't pay one cent unless I make \$1,200 (or more) in the next 30 days. If I order via credit card I will not be charged for 30 days after my kit arrives. If I pay by check over the phone, do not cash it for 30 days after I receive my kit.

If within that time I haven't earned at least \$1,200 I will send back my kit and my original un-cashed check (or un-charged credit card info) will be mailed back to me. But it gets even better. I understand that after the 30 day period I still have an additional 60 days (that's a total of 90 days) to prove to myself this program exceeds my expectations. At any time during those 90 days, I can return my kit and still receive a full refund of the \$149 fee... no questions asked! It can't get more risk free than that!

CA Residents, please add 8.75% sales tax

This seems the easiest way to make money I've ever seen. There's **NO SELLING** involved. All I do is leave brochures or place tiny ads (with your phone # not mine) in places you recommend. Prospects contact you. For every sale you make to one of my leads I receive a check for \$1,200. **OF COURSE!** send me my complete money-making kit for a "good-faith" deposit of just \$149 plus \$15 for S+H total \$164 (please allow 14 days for delivery).

I am adding additional \$10 for Rush priority so I can get it within 4-6 days total of \$174.

FREE BONUS FOR QUICK REPLY! I understand if you receive my order within the next 5 days, I automatically become a "Partner in Profit" which means I will also receive a 10% commission on everything my affiliates order (cleaning detergents, supplies, extra equipment, etc.) for the lifetime of their affiliation with you. I understand this alone can bring me additional earnings of up to several thousand dollars (and more) a month.
