Since the first day American Eagle Silver Dollars were released in 1986, they've been the most highly prized and most popular Silver Bullion Coins in the world! Many consider the design of the coin to be one of the most beautiful coins ever produced.

Requiring no assaying, American Eagles are easily converted to cash at any time. Highly prized for their historical beauty and pure silver content, American Eagle Silver Dollars are the largest Silver Dollars ever issued by the U.S Mint. (These are impressively large and substantial coins.) By law, each coin contains one full troy ounce of pure silver. Each coin contains

1.0000 troy ounce of 0.9993 pure silver and is 40.6 mm (1.598 inches) in diameter.
