

# INSTANT CREDIT CARDS!

## A Best Selling Report With Full Reprint and Resale Rights

No Income Checks... No Credit Checks...No One Refused!

What do those companies do when they claim for a fee of \$100-\$150 to over \$500 they can help you get the credit cards you want regardless of your past, without an income credit check.

Basically, all they do is provide you the name and address of a bank that will allow you to open up a savings account in their bank, and then use that savings account as collateral for any credit limit that you desire. If you open an account for \$1000, your credit limit will be for \$1000! This information, they charge many times \$200-\$500 for this!
