

# ***"THE LOAN GENERATOR"*** ***OPPORTUNITY***

***"THE LOAN GENERATOR"*** is a one-time, \$10 loan opportunity, from which you can generate a lifetime of loans.

***"THE LOAN GENERATOR"*** is a 5 step opportunity that loans you \$20,610 for your loan and up to \$20,610 for each re-entry that you receive as you go through the 5 steps. The best part is that you do not have to repay the loans from ***"THE LOAN GENERATOR"*** and you receive **100%** matching loans from the loans that you sponsor. Each time that a loan that you sponsored receives a loan check from their loan, you receive a **100%** matching check. You can earn \$20,610 in loans from each loan you sponsor.

**STEP 1:** has a 2 by 3 matrix (only 14 positions) that when filled you receive: (1.) A re-entry into step 1, (2.) An entry into step 2 and (3.) A loan for \$10. Your sponsor also receives a matching loan for \$10.

**STEP 2:** has a 2 by 3 matrix (only 14 positions) that when filled you receive: (1.) A re-entry into step 1 & 2, (2.) An entry into step 3 and (3.) A loan for \$25. Your sponsor also receives a matching loan for \$25.

**STEP 3:** has a 2 by 3 matrix (only 14 positions) that when filled you receive: (1.) A re-entry into step 1, 2 & 3, (2.) An entry into step 4 and (3.) A loan for \$75. Your sponsor also receives a matching loan for \$75.

**STEP 4:** has a 2 by 3 matrix (only 14 positions) that when filled you receive: (1.) A re-entry into step 1, 2, 3 & 4, (2.) An entry into step 5 and (3.) A loan for \$500. Your sponsor also receives a matching loan for \$500.

**STEP 5:** has a 2 by 3 matrix (only 14 positions) that when filled you receive: (1.) A re-entry into step 1, 2, 3, 4, & 5. Also as each position (8) on you step 5 third level matrix is filled, both you and your sponsor will receive a loan for \$2,500. That's a total of \$20,000 when your step 5 matrix is filled.

As you can see, it is very beneficial for you to sponsor loans, as you receive **100%** matching loans each time the person that you sponsored receive a loan. That's \$20,610 from each loan you sponsor.
